Why Chiropractic care for Pediatric Patients?

- Deal with biomechanical problems created during pregnancy and birth process
- Offer parents natural alternatives for treatment of common childhood ailments
- Preventative care saves medical costs
- Scoliosis is more likely to be diagnosed by a Chiropractor in early development leading to a better prognosis
- Adds a loving family atmosphere to your practice which helps create more business while increasing fun & reducing stress levels.

What you will Learn in *Pediatrics I* Specialty Seminar:

- Pre-Natal Adjustments
- Fetal Development & Positions & their impacts
